SMASH YOUR SUSTAINABILITY GOALS WHILST REDUCING YOUR OPERATING COSTS

Step into sustainable logistics with a building designed to reduce your environmental impact while improving operational efficiency.

Roof-mounted PV panels generate an estimated 290,000 kWh of electricity each year, delivering potential savings of up to £69,600 annually.*

This is a unit that doesn't just support your supply chain, but quietly generates value day in, day out.

*This estimate is based on a fully delivered electricity cost of 24p per kWh and the PV manufacturer's projected maximum energy generation per annum. Actual savings may vary depending on facility usage and system performance.

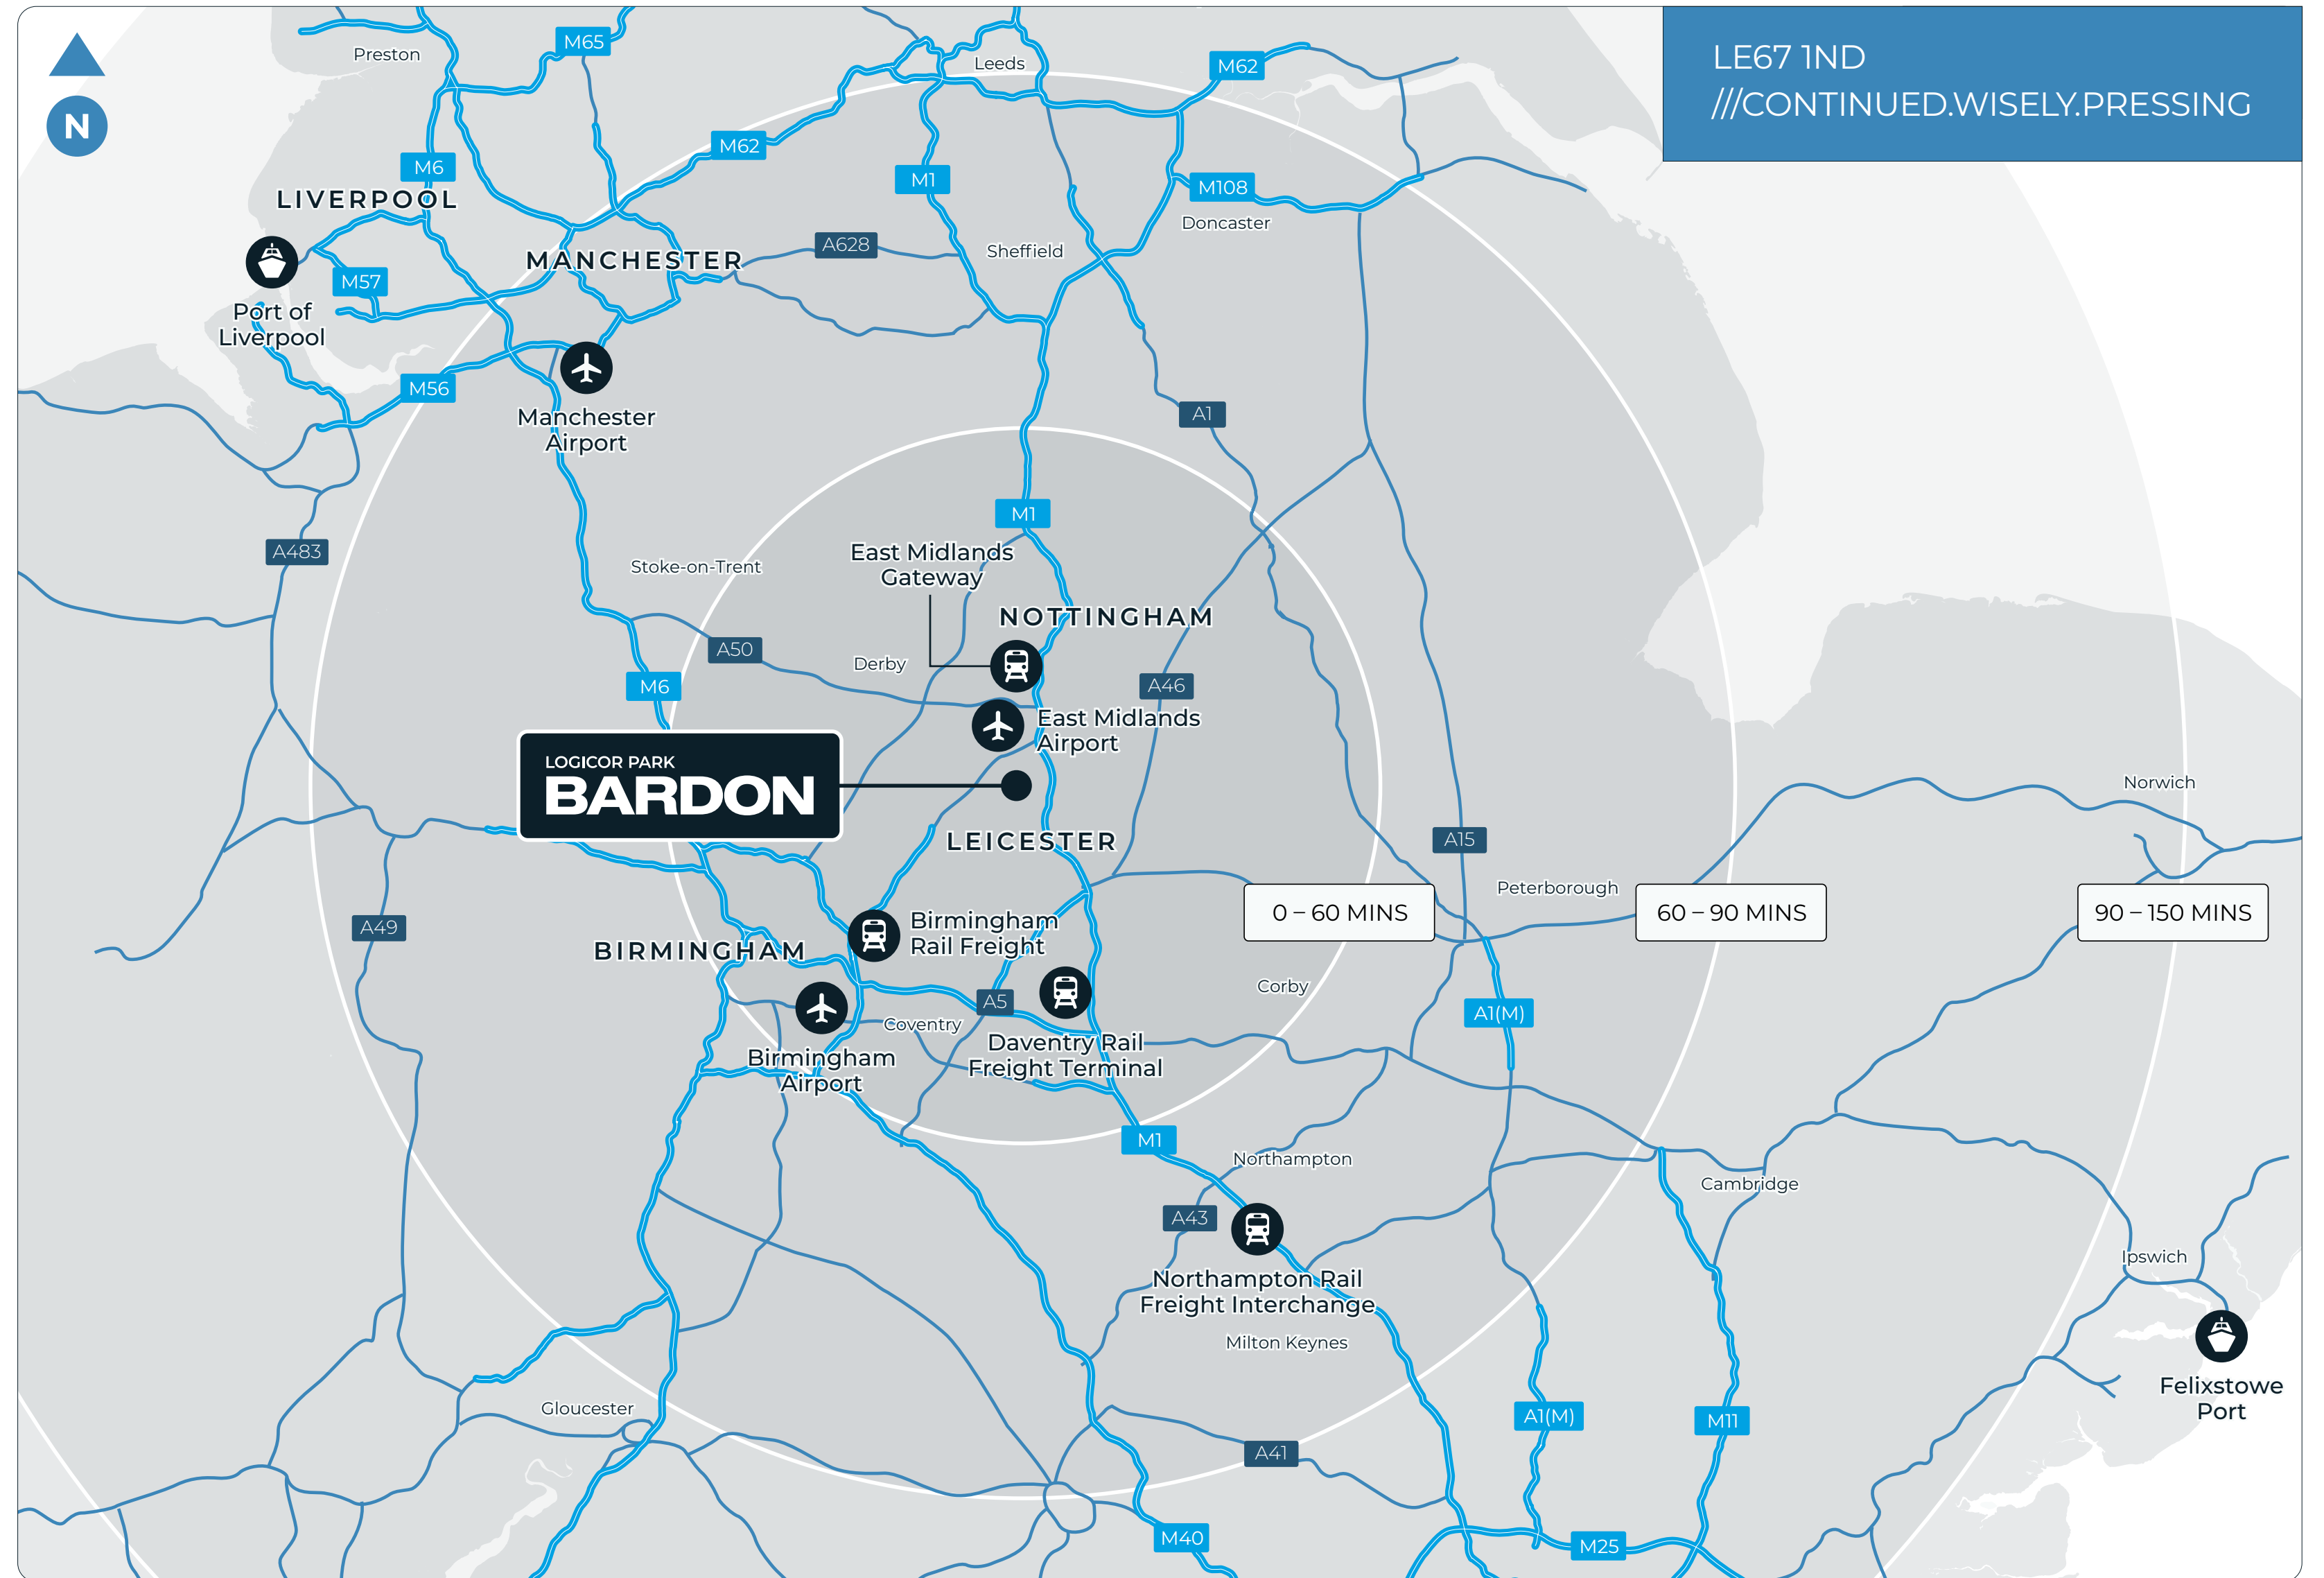

ON THE WAY TO SUCCESS

Located in the UK's Golden Triangle, Logicor Park Bardon is ideally positioned for nationwide access. Just 7 minutes from Junction 22 of the M1, it provides reach to 90% of the UK population within a 4-hour drive. With both East Midlands Airport and East Midlands Gateway only 20 minutes away, it is an ideal location for businesses looking to serve a wide customer base efficiently.

THE IDEAL PLATFORM FOR BUSINESSES TO THRIVE

With a population that's 60,000 strong, Leicestershire has a labour pool that keeps on growing, with over 17,000 skilled graduates entering the workforce each year.

This feeds into a strong local economy, consisting of more than 500,000 jobs and around 42,000 trading businesses that keep things in constant motion.

Looking ahead, the population is forecast to grow by 14% by 2035, outpacing both regional and national trends and reinforcing its position as one of England's high growth regions.
